INTERNATIONAL SEARCH REPORT

(PCT Article 18 and Rules 43 and 44)

Applicant's or agent's file reference P2440PC NACTION International application No. PCT/NO 2003/000409 Application Naes_ie_, Kjet_11 This international search report has been prepared by this international Searching Authority and is transmitted to the applicant according to Article 18. A copy is being transmitted to the international Bureau. This international search report consists of a total of						
PCT/NO 2003/000409 9 December 2003 11 December 2002 Applicant Naes.je, Kjetil This international search report has been prepared by this International Searching Authority and is transmitted to the applicant according to Article 18. A copy is being transmitted to the international Bureau. This international search report consists of a total of3		as moll on where an	plicable, item 5 below.			
Applicant Naes.je, Kjetil	International application No.	International filing date (day month year)				
This international search report has been prepared by this International Searching Authority and is transmitted to the applicant according to Article 18. A copy is being transmitted to the International Bureau. This international search report consists of a total of3 sheets. It is also accompanied by a copy of each prior art document cited in this report. 1. Basis of the report a. With regard to the language, the international search was carried out on the basis of the international application in the language in which it was filed, unless otherwise indicated under this item. The international search was carried out on the basis of a translation of the international application furnished to this Authority (Ruie 23.10b). b With regard to any nucleotide and/or amino acid sequence disclosed in the international application, see Box No. II. 2 Certain claims were found unsearchable (see Box No. III) 4. With regard to the title, With regard to the title, With regard to the title, Whith regard to the title, With regard to the shatract, Where the text is approved as submitted by the applicant. Where the text is approved as submitted by the applicant. Where the text is approved as submitted by the applicant. Where the text has been established, according to Rule 38.2(b), by this Authority as it appears in Box No. IV. The applicant may, within one month from the date of mailing of this international search report, submit comments to this Authority. 6. With regard to the drawings to be published with the abstract is Figure No W	PCT/NO 2003/000409	9 December 2003	11 December 2002			
This international search report has been prepared by this International Searching Authority and is transmitted to the applicant according to Article 18. A copy is being transmitted to the International Bureau. This international search report consists of a total of	Applicant		·			
applicant according to Article 18. A copy is being transmittent to the international search report consists of a total of	Naesje, Kjetil					
It is also accompanied by a copy of each prior art document cited in this report. 1. Basis of the report a. With regard to the language, the international search was carried out on the basis of the international application in the language in which it was filed, unless otherwise indicated under this item. The international search was carried out on the basis of a translation of the international application furnished to this Authority (Rule 23.1(b)). b. With regard to any nucleotide and/or amino acid sequence disclosed in the international application, see Box No. I. Certain claims were found unsearchable (see Box No. II) 3. Unity of invention is lacking (see Box No. III) 4. With regard to the title,	applicant according to Article 18. A	copy is being transmitted to the internation	ng Authority and is transmitted to the all Bureau.			
1. Basis of the report a. With regard to the language, the international search was carried out on the basis of the international application in the language in which it was filed, unless otherwise indicated under this item. The international search was carried out on the basis of a translation of the international application furnished to this Authority (Rule 23.1(b)). b. With regard to any nucleotide and/or amino acid sequence disclosed in the international application, see Box No. 1. Certain claims were found unscarchable (see Box No. III) 1. Unity of invention is lacking (see Box No. III) 4. With regard to the title, The text is approved as submitted by the applicant. The text has been established by this Authority to read as follows: 5. With regard to the abstract, The text has been established, according to Rule 38.2(b), by this Authority as it appears in Box No. IV. The applicant may, within one month from the date of mailing of this international search report, submit comments to this Authority. 6. With regard to the drawings, a. the figure of the drawings to be published with the abstract is Figure No. The as sejected by this Authority, because the applicant failed to suggest a figure. The secretary is the figure of the property of the published with the abstract is figure better characterizes the invention.						
a. With regard to the language, the international search was carried out on the basis of the international application in the language in which it was filed, unless otherwise indicated under this item. The international search was carried out on the basis of a translation of the international application furnished to this Authority (Rule 23.1(b)). b. With regard to any nucleotide and/or amino acid sequence disclosed in the international application, see Box No. 1. Certain claims were found unsearchable (see Box No. II) Unity of invention is lacking (see Box No. III) With regard to the title, the text is approved as submitted by the applicant. the text has been established by this Authority to read as follows: With regard to the abstract, the text has been established, according to Rule 38.2(b), by this Authority as it appears in Box No. IV. The applicant may, within one month from the date of mailing of this international search report, submit comments to this Authority. With regard to the drawings, a. the figure of the drawings to be published with the abstract is Figure No	It is also accompanied by a copy of each prior art document cited in this report.					
b. With regard to any nucleotide and/or amino acid sequence disclosed in the international application, see Box No. II Certain claims were found unsearchable (see Box No. III) Unity of invention is lacking (see Box No. III) With regard to the title, the text is approved as submitted by the applicant. the text has been established by this Authority to read as follows: S. With regard to the abstract, the text has been established by this Authority to read as follows: S. With regard to the abstract, the text has been established, according to Rule 38.2(b), by this Authority as it appears in Box No. IV. The applicant may, within one month from the date of mailing of this international search report, submit comments to this Authority. With regard to the drawings, a. the figure of the drawings to be published with the abstract is Figure No. as suggested by the applicant. as selected by this Authority, because the applicant failed to suggest a figure. S. S. With regard to the drawings is to be published with the abstract is Figure No. As suggested by the Authority, because the infigure better characterizes the invention.	a. With regard to the language, the in the language in which it was	s filed, unless otherwise indicated under uni	s nen.			
b. With regard to any nucleotide and/or amino acid sequence disclosed in the international application, see Box No. 1. 2. Certain claims were found unsearchable (see Box No. III) 3. Unity of invention is lacking (see Box No. III) 4. With regard to the title, X	The international search was carried out on the basis of a translation of the international application furnished to this Authority (Rule 23.1(b)).					
3. Unity of invention is lacking (see Box No. III) 4. With regard to the title,		otide and/or amino acid sequence disclosed i	in the international application, see Box			
4. With regard to the title, X	2. Certain claims were foun	d unsearchable (see Box No. II)				
the text is approved as submitted by the applicant. the text has been established by this Authority to read as follows: 5. With regard to the abstract, the text is approved as submitted by the applicant. the text is approved as submitted by the applicant. the text has been established, according to Rule 38.2(b), by this Authority as it appears in Box No. IV. The applicant may, within one month from the date of mailing of this international search report, submit comments to this Authority. 6. With regard to the drawings, a. the figure of the drawings to be published with the abstract is Figure No as suggested by the applicant. as selected by this Authority, because the applicant failed to suggest a figure. as selected by this Authority, because this figure better characterizes the invention.	3. Unity of invention is lack	ing (see Box No. III)	·			
the text has been established by this Authority to read as follows: 5. With regard to the abstract, the text is approved as submitted by the applicant. the text has been established, according to Rule 38.2(b), by this Authority as it appears in Box No. IV. The applicant may, within one month from the date of mailing of this international search report, submit comments to this Authority. 6. With regard to the drawings, a. the figure of the drawings to be published with the abstract is Figure No as suggested by the applicant. as selected by this Authority, because the applicant failed to suggest a figure. as selected by this Authority, because this figure better characterizes the invention.						
5. With regard to the abstract, the text is approved as submitted by the applicant. the text has been established, according to Rule 38.2(b), by this Authority as it appears in Box No. IV. The applicant may, within one month from the date of mailing of this international search report, submit comments to this Authority. 6. With regard to the drawings, a. the figure of the drawings to be published with the abstract is Figure No						
the text is approved as submitted by the applicant. the text has been established, according to Rule 38.2(b), by this Authority as it appears in Box No. IV. The applicant may, within one month from the date of mailing of this international search report, submit comments to this Authority. 6. With regard to the drawings, a. the figure of the drawings to be published with the abstract is Figure No as suggested by the applicant. as selected by this Authority, because the applicant failed to suggest a figure. X as selected by this Authority, because this figure better characterizes the invention.	the text has been established	sned by this Authority to read as lollows:
